Title: METHOD AND SYSTEM FOR  
AN EFFICIENT FUNDRAISING  
CAMPAIGN OVER A WIDE  
AREA NETWORK

Appl. No.: 09/764,787

Filing Date: January 17, 2001

Examiner: T. D. Nguyen

Art Unit: 3629

**AFFIDAVIT OF DR. HARRY GRUBER  
AND DR. ALLEN GRUBER  
FILED UNDER 37 CFR 1.131**

We, Harry Gruber and Allen Gruber, named inventors in pending U.S. Patent Application Serial No. 09/764,787, jointly declare under penalty of perjury the following:

1. We are founders and current officers of Kintera, Inc., a Delaware corporation, and the assignee of U.S. Patent Application Serial No. 09/764,787.
2. At its founding, Kintera was initially known as VirtualDonors.com.
3. We founded VirtualDonors.com with the intention of becoming a leader in Internet fundraising for charitable and political nonprofit organizations.
4. Prior to August 10, 2000, the publication date of the King reference, we conceived the concept of automatically displaying virtual plaques, or cyberplaques, to recognize online donors and to enhance fundraising successes.

Atty. Dkt. No. K01-001  
(formerly 0002.US00)

5. Prior to August 10, 2000, we participated in the development of a Business Plan to raise capital for VirtualDonors.com. The Business Plan clearly outlined the use of cyberplaquing. A portion of the Business Plan is attached as Exhibit A.
6. From the time we conceived the idea of cyberplaquing before August 10, 2000, we exercised due diligence in reducing the concept to practice.

**BUSINESS PLAN SUMMARY****Company Overview**

The management team consists of individuals who are uniquely qualified to carry out the business plan and have been exceptionally successful in other startup businesses. Harry Gruber, a Board member of the VirtualDonors.com, Inc., founded and ran INTERVU, Inc. INTERVU, Inc. is an Internet video streaming company that went public and was recently sold to Akamai Technologies, Inc., for \$2.8 billion. Allen Gruber, the CEO and a Board member of VirtualDonors.com, Inc., has been a seed investor in several Internet start-up companies and has served on the Board of Directors of several successful start-up businesses, including INTERVU, Inc.

VirtualDonors.com, Inc. is defining Internet fundraising. Its library of tools and techniques will enhance online fundraising and will include:

1. an e-commerce engine designed for charitable and political online donations.
2. a relational database package customized for the needs of NPOs.
3. an interactive calendar program that can be a front-end to event scheduling and participant recruitment.

VirtualDonors.com, Inc. has programs for major gifts and small gifts. Major donors, corporations, and foundations can sponsor an event or program and be visibly displayed on the associated Internet site - "cyberplaquing." Small gift donors can interact with the
